

Hello ATLAS Family,

We have been busy trying to prepare for the influx of our homeless population. We are working diligently to secure shelter for these clients before the snowfall. Praise God, He has held off the cold so far! Thank God for our supporters and donors, we have kept so many already from being forced to have their children sleeping in a car or worse.

We at Lakes ATLAS are blessed with the best!

We have been out in the community sharing our ministry with many clubs, groups, and churches. We want everyone to know that we are here and are ready to share God's love in so many ways! If you have a group that would like to learn more about us, please don't hesitate to let us know!

We plan to hold an Open House on December 16th, so please save the date and join us! We cherish every opportunity to share our ministry, honor our supporters and donors, and, of course, enjoy Kathy's cookies. 😊

I would also like to share that we are getting low on the supplies for the essentials closet.

Paper towels
Disinfectant Wipes
Antiperspirant
Trash Bags (13 gal.)
Shampoo
Laundry Pods
Multivitamins

Next month, I plan to share some of the stories from the homeless and broken that you have helped with your support and donations.

Love and Blessings,
Regina 😊

Life is Often Messy

There are unlimited problems that we may face in our lives. The scary things start with more minor problems but build upon themselves. They can sneak up on you until you suddenly realize that your life is spinning out of control. Here are some of the areas that we walk through with the people we talk to.

We offer support.

Down & Out? There is Hope

No matter what you're going through, no matter the reason why you're down and out, we want to help pull you out of the low spot you find yourself in. The reasons are many, but each reason has a solution. We offer encouragement.

Providing A Listening Ear

Sometimes you need somebody to talk to. We've been there before ourselves. We're here to be that person listening to your story, especially the problems you are facing. Sometimes you figure things out just by talking and letting it out. At other times, it might take a gentle nudge in the right direction. We offer hope.

Networking Caregivers

We know people who know people. If you have a need that we can't fulfill, there's a decent chance we'll put you in touch with someone who can. We offer solutions.
